

FUNKY

Looking for headphones that provide the right balance between eclectic and fun design, but also focus on sound quality? Look no further than the Funky Series headphones. Including dual neodymium drivers and premium ear cups for superior sound quality and isolation, the Funky series aren't just another pretty face in the crowd.

We've also included a line-in mic for those who like to chat it up in style. We'll even give you a chance to get down with your own DJ mixes by including free software vouchers for PCDJ 3DEX LE and Magix Mufin. Look good while getting down with the iDance Funky Series!
